

**101ST GENERAL ASSEMBLY  
State of Illinois  
2019 and 2020  
HB0340**

Introduced , by Rep. Patrick Windhorst

**SYNOPSIS AS INTRODUCED:**

5 ILCS 375/6	from Ch. 127, par. 526
5 ILCS 375/6.1	from Ch. 127, par. 526.1
305 ILCS 5/5-5	from Ch. 23, par. 5-5
305 ILCS 5/5-8	from Ch. 23, par. 5-8
305 ILCS 5/5-9	from Ch. 23, par. 5-9
305 ILCS 5/6-1	from Ch. 23, par. 6-1
410 ILCS 230/4-100	from Ch. 111 1/2, par. 4604-100
720 ILCS 510/1	from Ch. 38, par. 81-21

Amends the State Employees Group Insurance Act of 1971, the Illinois Public Aid Code, the Problem Pregnancy Health Services and Care Act, and the Illinois Abortion Law of 1975. Restores the provisions that were amended by Public Act 100-538 to the form in which they existed before their amendment by Public Act 100-538.

LRB101 05014 KTG 50023 b

FISCAL NOTE ACT MAY  
APPLY

**A BILL FOR**

HB0340

LRB101 05014 KTG 50023 b

2           **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4           Section 5. The State Employees Group Insurance Act of 1971  
5 is amended by changing Sections 6 and 6.1 as follows:

6           (5 ILCS 375/6) (from Ch. 127, par. 526)

7           Sec. 6. Program of health benefits.

8           (a) The program of health benefits shall provide for  
9 protection against the financial costs of health care expenses  
10 incurred in and out of hospital including basic  
11 hospital-surgical-medical coverages. The program may include,  
12 but shall not be limited to, such supplemental coverages as  
13 out-patient diagnostic X-ray and laboratory expenses,  
14 prescription drugs, dental services, hearing evaluations,  
15 hearing aids, the dispensing and fitting of hearing aids, and  
16 similar group benefits as are now or may become available.

17 However, nothing in this Act shall be construed to permit the  
18 non-contributory portion of any such program to include the  
19 expenses of obtaining an abortion, induced miscarriage or  
20 induced premature birth unless, in the opinion of a physician,  
21 such procedures are necessary for the preservation of the life  
22 of the woman seeking such treatment, or except an induced  
23 premature birth intended to produce a live viable child and

HB0340

- 2 -

LRB101 05014 KTG 50023 b

1 such procedure is necessary for the health of the mother or the  
2 unborn child. The program may also include coverage for those  
3 who rely on treatment by prayer or spiritual means alone for  
4 healing in accordance with the tenets and practice of a  
5 recognized religious denomination.

6           The program of health benefits shall be designed by the  
7 Director (1) to provide a reasonable relationship between the  
8 benefits to be included and the expected distribution of  
9 expenses of each such type to be incurred by the covered  
10 members and dependents, (2) to specify, as covered benefits and  
11 as optional benefits, the medical services of practitioners in

12 all categories licensed under the Medical Practice Act of 1987,  
13 (3) to include reasonable controls, which may include  
14 deductible and co-insurance provisions, applicable to some or  
15 all of the benefits, or a coordination of benefits provision,  
16 to prevent or minimize unnecessary utilization of the various  
17 hospital, surgical and medical expenses to be provided and to  
18 provide reasonable assurance of stability of the program, and  
19 (4) to provide benefits to the extent possible to members  
20 throughout the State, wherever located, on an equitable basis.  
21 Notwithstanding any other provision of this Section or Act, for  
22 all members or dependents who are eligible for benefits under  
23 Social Security or the Railroad Retirement system or who had  
24 sufficient Medicare-covered government employment, the  
25 Department shall reduce benefits which would otherwise be paid  
26 by Medicare, by the amount of benefits for which the member or

HB0340

- 3 -

LRB101 05014 KTG 50023 b

1 dependents are eligible under Medicare, except that such  
2 reduction in benefits shall apply only to those members or  
3 dependents who (1) first become eligible for such medicare  
4 coverage on or after the effective date of this amendatory Act  
5 of 1992; or (2) are Medicare-eligible members or dependents of  
6 a local government unit which began participation in the  
7 program on or after July 1, 1992; or (3) remain eligible for  
8 but no longer receive Medicare coverage which they had been  
9 receiving on or after the effective date of this amendatory Act  
10 of 1992.

11 Notwithstanding any other provisions of this Act, where a  
12 covered member or dependents are eligible for benefits under  
13 the federal Medicare health insurance program (Title XVIII of  
14 the Social Security Act as added by Public Law 89-97, 89th  
15 Congress), benefits paid under the State of Illinois program or  
16 plan will be reduced by the amount of benefits paid by  
17 Medicare. For members or dependents who are eligible for  
18 benefits under Social Security or the Railroad Retirement  
19 system or who had sufficient Medicare-covered government  
20 employment, benefits shall be reduced by the amount for which  
21

22 the member or dependent is eligible under Medicare, except that  
23 such reduction in benefits shall apply only to those members or  
24 dependents who (1) first become eligible for such Medicare  
25 coverage on or after the effective date of this amendatory Act  
26 of 1992; or (2) are Medicare-eligible members or dependents of  
a local government unit which began participation in the

HB0340

- 4 -

LRB101 05014 KTG 50023 b

1 program on or after July 1, 1992; or (3) remain eligible for,  
2 but no longer receive Medicare coverage which they had been  
3 receiving on or after the effective date of this amendatory Act  
4 of 1992. Premiums may be adjusted, where applicable, to an  
5 amount deemed by the Director to be reasonably consistent with  
6 any reduction of benefits.

7 (b) A member, not otherwise covered by this Act, who has  
8 retired as a participating member under Article 2 of the  
9 Illinois Pension Code but is ineligible for the retirement  
10 annuity under Section 2-119 of the Illinois Pension Code, shall  
11 pay the premiums for coverage, not exceeding the amount paid by  
12 the State for the non-contributory coverage for other members,  
13 under the group health benefits program under this Act. The  
14 Director shall determine the premiums to be paid by a member  
15 under this subsection (b).

16 (Source: P.A. 100-538, eff. 1-1-18.)

17 (5 ILCS 375/6.1) (from Ch. 127, par. 526.1)

18 Sec. 6.1. The program of health benefits may offer as an  
19 alternative, available on an optional basis, coverage through  
20 health maintenance organizations. That part of the premium for  
21 such coverage which is in excess of the amount which would  
22 otherwise be paid by the State for the program of health  
23 benefits shall be paid by the member who elects such  
24 alternative coverage and shall be collected as provided for  
25 premiums for other optional coverages.

HB0340

- 5 -

LRB101 05014 KTG 50023 b

1 However, nothing in this Act shall be construed to permit  
2 the noncontributory portion of any such program to include the  
3 expenses of obtaining an abortion, induced miscarriage or  
4 induced premature birth unless, in the opinion of a physician,  
5 such procedures are necessary for the preservation of the life  
6 of the woman seeking such treatment, or except an induced  
7 premature birth intended to produce a live viable child and  
8 such procedure is necessary for the health of the mother or her  
9 unborn child.

10 (Source: P.A. 100-538, eff. 1-1-18.)

11 Section 10. The Illinois Public Aid Code is amended by  
12 changing Sections 5-5, 5-8, 5-9, and 6-1 as follows:

13 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

14 Sec. 5-5. Medical services. The Illinois Department, by  
15 rule, shall determine the quantity and quality of and the rate  
16 of reimbursement for the medical assistance for which payment  
17 will be authorized, and the medical services to be provided,  
18 which may include all or part of the following: (1) inpatient  
19 hospital services; (2) outpatient hospital services; (3) other  
20 laboratory and X-ray services; (4) skilled nursing home  
21 services; (5) physicians' services whether furnished in the  
22 office, the patient's home, a hospital, a skilled nursing home,  
23 or elsewhere; (6) medical care, or any other type of remedial  
24 care furnished by licensed practitioners; (7) home health care

HB0340

- 6 -

LRB101 05014 KTG 50023 b

1 services; (8) private duty nursing service; (9) clinic  
2 services; (10) dental services, including prevention and  
3 treatment of periodontal disease and dental caries disease for  
4 pregnant women, provided by an individual licensed to practice  
5 dentistry or dental surgery; for purposes of this item (10),  
6 "dental services" means diagnostic, preventive, or corrective  
7 procedures provided by or under the supervision of a dentist in  
8 the practice of his or her profession; (11) physical therapy  
9 and related services; (12) prescribed drugs, dentures, and

10 prosthetic devices; and eyeglasses prescribed by a physician  
11 skilled in the diseases of the eye, or by an optometrist,  
12 whichever the person may select; (13) other diagnostic,  
13 screening, preventive, and rehabilitative services, including  
14 to ensure that the individual's need for intervention or  
15 treatment of mental disorders or substance use disorders or  
16 co-occurring mental health and substance use disorders is  
17 determined using a uniform screening, assessment, and  
18 evaluation process inclusive of criteria, for children and  
19 adults; for purposes of this item (13), a uniform screening,  
20 assessment, and evaluation process refers to a process that  
21 includes an appropriate evaluation and, as warranted, a  
22 referral; "uniform" does not mean the use of a singular  
23 instrument, tool, or process that all must utilize; (14)  
24 transportation and such other expenses as may be necessary;  
25 (15) medical treatment of sexual assault survivors, as defined  
26 in Section 1a of the Sexual Assault Survivors Emergency

HB0340

- 7 -

LRB101 05014 KTG 50023 b

1 Treatment Act, for injuries sustained as a result of the sexual  
2 assault, including examinations and laboratory tests to  
3 discover evidence which may be used in criminal proceedings  
4 arising from the sexual assault; (16) the diagnosis and  
5 treatment of sickle cell anemia; and (17) any other medical  
6 care, and any other type of remedial care recognized under the  
7 laws of this State, but not including abortions, or induced  
8 miscarriages or premature births, unless, in the opinion of a  
9 physician, such procedures are necessary for the preservation  
10 of the life of the woman seeking such treatment, or except an  
11 induced premature birth intended to produce a live viable child  
12 and such procedure is necessary for the health of the mother or  
13 her unborn child. The Illinois Department, by rule, shall  
14 prohibit any physician from providing medical assistance to  
15 anyone eligible therefor under this Code where such physician  
16 has been found guilty of performing an abortion procedure in a  
17 wilful and wanton manner upon a woman who was not pregnant at  
18 the time such abortion procedure was performed. The term "any  
19

other type of remedial care" shall include nursing care and  
nursing home service for persons who rely on treatment by  
spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a  
comprehensive tobacco use cessation program that includes  
purchasing prescription drugs or prescription medical devices  
approved by the Food and Drug Administration shall be covered  
under the medical assistance program under this Article for

HB0340

- 8 -

LRB101 05014 KTG 50023 b

persons who are otherwise eligible for assistance under this  
Article.

~~Notwithstanding any other provision of this Code,  
reproductive health care that is otherwise legal in Illinois  
shall be covered under the medical assistance program for  
persons who are otherwise eligible for medical assistance under  
this Article.~~

Notwithstanding any other provision of this Code, the  
Illinois Department may not require, as a condition of payment  
for any laboratory test authorized under this Article, that a  
physician's handwritten signature appear on the laboratory  
test order form. The Illinois Department may, however, impose  
other appropriate requirements regarding laboratory test order  
documentation.

Upon receipt of federal approval of an amendment to the  
Illinois Title XIX State Plan for this purpose, the Department  
shall authorize the Chicago Public Schools (CPS) to procure a  
vendor or vendors to manufacture eyeglasses for individuals  
enrolled in a school within the CPS system. CPS shall ensure  
that its vendor or vendors are enrolled as providers in the  
medical assistance program and in any capitated Medicaid  
managed care entity (MCE) serving individuals enrolled in a  
school within the CPS system. Under any contract procured under  
this provision, the vendor or vendors must serve only  
individuals enrolled in a school within the CPS system. Claims  
for services provided by CPS's vendor or vendors to recipients

1 of benefits in the medical assistance program under this Code,  
2 the Children's Health Insurance Program, or the Covering ALL  
3 KIDS Health Insurance Program shall be submitted to the  
4 Department or the MCE in which the individual is enrolled for  
5 payment and shall be reimbursed at the Department's or the  
6 MCE's established rates or rate methodologies for eyeglasses.

7 On and after July 1, 2012, the Department of Healthcare and  
8 Family Services may provide the following services to persons  
9 eligible for assistance under this Article who are  
10 participating in education, training or employment programs  
11 operated by the Department of Human Services as successor to  
12 the Department of Public Aid:

13 (1) dental services provided by or under the  
14 supervision of a dentist; and

15 (2) eyeglasses prescribed by a physician skilled in the  
16 diseases of the eye, or by an optometrist, whichever the  
17 person may select.

18 On and after July 1, 2018, the Department of Healthcare and  
19 Family Services shall provide dental services to any adult who  
20 is otherwise eligible for assistance under the medical  
21 assistance program. As used in this paragraph, "dental  
22 services" means diagnostic, preventative, restorative, or  
23 corrective procedures, including procedures and services for  
24 the prevention and treatment of periodontal disease and dental  
25 caries disease, provided by an individual who is licensed to  
26 practice dentistry or dental surgery or who is under the

1 supervision of a dentist in the practice of his or her  
2 profession.

3 On and after July 1, 2018, targeted dental services, as set  
4 forth in Exhibit D of the Consent Decree entered by the United  
5 States District Court for the Northern District of Illinois,  
6 Eastern Division, in the matter of Memisovski v. Maram, Case

7 No. 92 C 1982, that are provided to adults under the medical  
8 assistance program shall be established at no less than the  
9 rates set forth in the "New Rate" column in Exhibit D of the  
10 Consent Decree for targeted dental services that are provided  
11 to persons under the age of 18 under the medical assistance  
12 program.

13 Notwithstanding any other provision of this Code and  
14 subject to federal approval, the Department may adopt rules to  
15 allow a dentist who is volunteering his or her service at no  
16 cost to render dental services through an enrolled  
17 not-for-profit health clinic without the dentist personally  
18 enrolling as a participating provider in the medical assistance  
19 program. A not-for-profit health clinic shall include a public  
20 health clinic or Federally Qualified Health Center or other  
21 enrolled provider, as determined by the Department, through  
22 which dental services covered under this Section are performed.  
23 The Department shall establish a process for payment of claims  
24 for reimbursement for covered dental services rendered under  
25 this provision.

26 The Illinois Department, by rule, may distinguish and

HB0340

- 11 -

LRB101 05014 KTG 50023 b

1 classify the medical services to be provided only in accordance  
2 with the classes of persons designated in Section 5-2.

3 The Department of Healthcare and Family Services must  
4 provide coverage and reimbursement for amino acid-based  
5 elemental formulas, regardless of delivery method, for the  
6 diagnosis and treatment of (i) eosinophilic disorders and (ii)  
7 short bowel syndrome when the prescribing physician has issued  
8 a written order stating that the amino acid-based elemental  
9 formula is medically necessary.

10 The Illinois Department shall authorize the provision of,  
11 and shall authorize payment for, screening by low-dose  
12 mammography for the presence of occult breast cancer for women  
13 35 years of age or older who are eligible for medical  
14 assistance under this Article, as follows:

15 (A) A baseline mammogram for women 35 to 39 years of  
16

age.

17 (B) An annual mammogram for women 40 years of age or  
18 older.

19 (C) A mammogram at the age and intervals considered  
20 medically necessary by the woman's health care provider for  
21 women under 40 years of age and having a family history of  
22 breast cancer, prior personal history of breast cancer,  
23 positive genetic testing, or other risk factors.

24 (D) A comprehensive ultrasound screening and MRI of an  
25 entire breast or breasts if a mammogram demonstrates  
26 heterogeneous or dense breast tissue, when medically

HB0340

- 12 -

LRB101 05014 KTG 50023 b

1 necessary as determined by a physician licensed to practice  
2 medicine in all of its branches.

3 (E) A screening MRI when medically necessary, as  
4 determined by a physician licensed to practice medicine in  
5 all of its branches.

6 All screenings shall include a physical breast exam,  
7 instruction on self-examination and information regarding the  
8 frequency of self-examination and its value as a preventative  
9 tool. For purposes of this Section, "low-dose mammography"  
10 means the x-ray examination of the breast using equipment  
11 dedicated specifically for mammography, including the x-ray  
12 tube, filter, compression device, and image receptor, with an  
13 average radiation exposure delivery of less than one rad per  
14 breast for 2 views of an average size breast. The term also  
15 includes digital mammography and includes breast  
16 tomosynthesis. As used in this Section, the term "breast  
17 tomosynthesis" means a radiologic procedure that involves the  
18 acquisition of projection images over the stationary breast to  
19 produce cross-sectional digital three-dimensional images of  
20 the breast. If, at any time, the Secretary of the United States  
21 Department of Health and Human Services, or its successor  
22 agency, promulgates rules or regulations to be published in the  
23 Federal Register or publishes a comment in the Federal Register  
24 or issues an opinion, guidance, or other action that would

1 including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any  
2 successor provision, to defray the cost of any coverage for  
3 breast tomosynthesis outlined in this paragraph, then the  
4 requirement that an insurer cover breast tomosynthesis is  
5 inoperative other than any such coverage authorized under  
6 Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and  
7 the State shall not assume any obligation for the cost of  
8 coverage for breast tomosynthesis set forth in this paragraph.

9 On and after January 1, 2016, the Department shall ensure  
10 that all networks of care for adult clients of the Department  
11 include access to at least one breast imaging Center of Imaging  
12 Excellence as certified by the American College of Radiology.

13 On and after January 1, 2012, providers participating in a  
14 quality improvement program approved by the Department shall be  
15 reimbursed for screening and diagnostic mammography at the same  
16 rate as the Medicare program's rates, including the increased  
17 reimbursement for digital mammography.

18 The Department shall convene an expert panel including  
19 representatives of hospitals, free-standing mammography  
20 facilities, and doctors, including radiologists, to establish  
21 quality standards for mammography.

22 On and after January 1, 2017, providers participating in a  
23 breast cancer treatment quality improvement program approved  
24 by the Department shall be reimbursed for breast cancer  
25 treatment at a rate that is no lower than 95% of the Medicare  
26 program's rates for the data elements included in the breast

1 cancer treatment quality program.

2 The Department shall convene an expert panel, including  
3 representatives of hospitals, free-standing breast cancer

4 treatment centers, breast cancer quality organizations, and  
5 doctors, including breast surgeons, reconstructive breast  
6 surgeons, oncologists, and primary care providers to establish  
7 quality standards for breast cancer treatment.

8 Subject to federal approval, the Department shall  
9 establish a rate methodology for mammography at federally  
10 qualified health centers and other encounter-rate clinics.  
11 These clinics or centers may also collaborate with other  
12 hospital-based mammography facilities. By January 1, 2016, the  
13 Department shall report to the General Assembly on the status  
14 of the provision set forth in this paragraph.

15 The Department shall establish a methodology to remind  
16 women who are age-appropriate for screening mammography, but  
17 who have not received a mammogram within the previous 18  
18 months, of the importance and benefit of screening mammography.  
19 The Department shall work with experts in breast cancer  
20 outreach and patient navigation to optimize these reminders and  
21 shall establish a methodology for evaluating their  
22 effectiveness and modifying the methodology based on the  
23 evaluation.

24 The Department shall establish a performance goal for  
25 primary care providers with respect to their female patients  
26 over age 40 receiving an annual mammogram. This performance

HB0340

- 15 -

LRB101 05014 KTG 50023 b

1 goal shall be used to provide additional reimbursement in the  
2 form of a quality performance bonus to primary care providers  
3 who meet that goal.

4 The Department shall devise a means of case-managing or  
5 patient navigation for beneficiaries diagnosed with breast  
6 cancer. This program shall initially operate as a pilot program  
7 in areas of the State with the highest incidence of mortality  
8 related to breast cancer. At least one pilot program site shall  
9 be in the metropolitan Chicago area and at least one site shall  
10 be outside the metropolitan Chicago area. On or after July 1,  
11 2016, the pilot program shall be expanded to include one site  
12 in western Illinois, one site in southern Illinois, one site in  
13

14 central Illinois, and 4 sites within metropolitan Chicago. An  
15 evaluation of the pilot program shall be carried out measuring  
16 health outcomes and cost of care for those served by the pilot  
17 program compared to similarly situated patients who are not  
18 served by the pilot program.

19 The Department shall require all networks of care to  
20 develop a means either internally or by contract with experts  
21 in navigation and community outreach to navigate cancer  
22 patients to comprehensive care in a timely fashion. The  
23 Department shall require all networks of care to include access  
24 for patients diagnosed with cancer to at least one academic  
25 commission on cancer-accredited cancer program as an  
26 in-network covered benefit.

Any medical or health care provider shall immediately

HB0340

- 16 -

LRB101 05014 KTG 50023 b

1 recommend, to any pregnant woman who is being provided prenatal  
2 services and is suspected of having a substance use disorder as  
3 defined in the Substance Use Disorder Act, referral to a local  
4 substance use disorder treatment program licensed by the  
5 Department of Human Services or to a licensed hospital which  
6 provides substance abuse treatment services. The Department of  
7 Healthcare and Family Services shall assure coverage for the  
8 cost of treatment of the drug abuse or addiction for pregnant  
9 recipients in accordance with the Illinois Medicaid Program in  
10 conjunction with the Department of Human Services.

11 All medical providers providing medical assistance to  
12 pregnant women under this Code shall receive information from  
13 the Department on the availability of services under any  
14 program providing case management services for addicted women,  
15 including information on appropriate referrals for other  
16 social services that may be needed by addicted women in  
17 addition to treatment for addiction.

18 The Illinois Department, in cooperation with the  
19 Departments of Human Services (as successor to the Department  
20 of Alcoholism and Substance Abuse) and Public Health, through a  
21 public awareness campaign, may provide information concerning  
22

23 treatment for alcoholism and drug abuse and addiction, prenatal  
24 health care, and other pertinent programs directed at reducing  
25 the number of drug-affected infants born to recipients of  
26 medical assistance.

Neither the Department of Healthcare and Family Services

HB0340

- 17 -

LRB101 05014 KTG 50023 b

1 nor the Department of Human Services shall sanction the  
2 recipient solely on the basis of her substance abuse.

3 The Illinois Department shall establish such regulations  
4 governing the dispensing of health services under this Article  
5 as it shall deem appropriate. The Department should seek the  
6 advice of formal professional advisory committees appointed by  
7 the Director of the Illinois Department for the purpose of  
8 providing regular advice on policy and administrative matters,  
9 information dissemination and educational activities for  
10 medical and health care providers, and consistency in  
11 procedures to the Illinois Department.

12 The Illinois Department may develop and contract with  
13 Partnerships of medical providers to arrange medical services  
14 for persons eligible under Section 5-2 of this Code.  
15 Implementation of this Section may be by demonstration projects  
16 in certain geographic areas. The Partnership shall be  
17 represented by a sponsor organization. The Department, by rule,  
18 shall develop qualifications for sponsors of Partnerships.  
19 Nothing in this Section shall be construed to require that the  
20 sponsor organization be a medical organization.

21 The sponsor must negotiate formal written contracts with  
22 medical providers for physician services, inpatient and  
23 outpatient hospital care, home health services, treatment for  
24 alcoholism and substance abuse, and other services determined  
25 necessary by the Illinois Department by rule for delivery by  
26 Partnerships. Physician services must include prenatal and

HB0340

- 18 -

LRB101 05014 KTG 50023 b

1 obstetrical care. The Illinois Department shall reimburse  
2 medical services delivered by Partnership providers to clients  
3 in target areas according to provisions of this Article and the  
4 Illinois Health Finance Reform Act, except that:

5 (1) Physicians participating in a Partnership and  
6 providing certain services, which shall be determined by  
7 the Illinois Department, to persons in areas covered by the  
8 Partnership may receive an additional surcharge for such  
9 services.

10 (2) The Department may elect to consider and negotiate  
11 financial incentives to encourage the development of  
12 Partnerships and the efficient delivery of medical care.

13 (3) Persons receiving medical services through  
14 Partnerships may receive medical and case management  
15 services above the level usually offered through the  
16 medical assistance program.

17 Medical providers shall be required to meet certain  
18 qualifications to participate in Partnerships to ensure the  
19 delivery of high quality medical services. These  
20 qualifications shall be determined by rule of the Illinois  
21 Department and may be higher than qualifications for  
22 participation in the medical assistance program. Partnership  
23 sponsors may prescribe reasonable additional qualifications  
24 for participation by medical providers, only with the prior  
25 written approval of the Illinois Department.

26 Nothing in this Section shall limit the free choice of

1 practitioners, hospitals, and other providers of medical  
2 services by clients. In order to ensure patient freedom of  
3 choice, the Illinois Department shall immediately promulgate  
4 all rules and take all other necessary actions so that provided  
5 services may be accessed from therapeutically certified  
6 optometrists to the full extent of the Illinois Optometric  
7 Practice Act of 1987 without discriminating between service  
8 providers.

9 The Department shall apply for a waiver from the United

10 States Health Care Financing Administration to allow for the  
11 implementation of Partnerships under this Section.

12 The Illinois Department shall require health care  
13 providers to maintain records that document the medical care  
14 and services provided to recipients of Medical Assistance under  
15 this Article. Such records must be retained for a period of not  
16 less than 6 years from the date of service or as provided by  
17 applicable State law, whichever period is longer, except that  
18 if an audit is initiated within the required retention period  
19 then the records must be retained until the audit is completed  
20 and every exception is resolved. The Illinois Department shall  
21 require health care providers to make available, when  
22 authorized by the patient, in writing, the medical records in a  
23 timely fashion to other health care providers who are treating  
24 or serving persons eligible for Medical Assistance under this  
25 Article. All dispensers of medical services shall be required  
26 to maintain and retain business and professional records

HB0340

- 20 -

LRB101 05014 KTG 50023 b

1 sufficient to fully and accurately document the nature, scope,  
2 details and receipt of the health care provided to persons  
3 eligible for medical assistance under this Code, in accordance  
4 with regulations promulgated by the Illinois Department. The  
5 rules and regulations shall require that proof of the receipt  
6 of prescription drugs, dentures, prosthetic devices and  
7 eyeglasses by eligible persons under this Section accompany  
8 each claim for reimbursement submitted by the dispenser of such  
9 medical services. No such claims for reimbursement shall be  
10 approved for payment by the Illinois Department without such  
11 proof of receipt, unless the Illinois Department shall have put  
12 into effect and shall be operating a system of post-payment  
13 audit and review which shall, on a sampling basis, be deemed  
14 adequate by the Illinois Department to assure that such drugs,  
15 dentures, prosthetic devices and eyeglasses for which payment  
16 is being made are actually being received by eligible  
17 recipients. Within 90 days after September 16, 1984 (the  
18 effective date of Public Act 83-1439), the Illinois Department  
19

20 shall establish a current list of acquisition costs for all  
21 prosthetic devices and any other items recognized as medical  
22 equipment and supplies reimbursable under this Article and  
23 shall update such list on a quarterly basis, except that the  
24 acquisition costs of all prescription drugs shall be updated no  
25 less frequently than every 30 days as required by Section  
26 5-5.12.

The rules and regulations of the Illinois Department shall

HB0340

- 21 -

LRB101 05014 KTG 50023 b

1 require that a written statement including the required opinion  
2 of a physician shall accompany any claim for reimbursement for  
3 abortions, or induced miscarriages or premature births. This  
4 statement shall indicate what procedures were used in providing  
5 such medical services.

6 Notwithstanding any other law to the contrary, the Illinois  
7 Department shall, within 365 days after July 22, 2013 (the  
8 effective date of Public Act 98-104), establish procedures to  
9 permit skilled care facilities licensed under the Nursing Home  
10 Care Act to submit monthly billing claims for reimbursement  
11 purposes. Following development of these procedures, the  
12 Department shall, by July 1, 2016, test the viability of the  
13 new system and implement any necessary operational or  
14 structural changes to its information technology platforms in  
15 order to allow for the direct acceptance and payment of nursing  
16 home claims.

17 Notwithstanding any other law to the contrary, the Illinois  
18 Department shall, within 365 days after August 15, 2014 (the  
19 effective date of Public Act 98-963), establish procedures to  
20 permit ID/DD facilities licensed under the ID/DD Community Care  
21 Act and MC/DD facilities licensed under the MC/DD Act to submit  
22 monthly billing claims for reimbursement purposes. Following  
23 development of these procedures, the Department shall have an  
24 additional 365 days to test the viability of the new system and  
25 to ensure that any necessary operational or structural changes  
26 to its information technology platforms are implemented.

1 The Illinois Department shall require all dispensers of  
2 medical services, other than an individual practitioner or  
3 group of practitioners, desiring to participate in the Medical  
4 Assistance program established under this Article to disclose  
5 all financial, beneficial, ownership, equity, surety or other  
6 interests in any and all firms, corporations, partnerships,  
7 associations, business enterprises, joint ventures, agencies,  
8 institutions or other legal entities providing any form of  
9 health care services in this State under this Article.

10 The Illinois Department may require that all dispensers of  
11 medical services desiring to participate in the medical  
12 assistance program established under this Article disclose,  
13 under such terms and conditions as the Illinois Department may  
14 by rule establish, all inquiries from clients and attorneys  
15 regarding medical bills paid by the Illinois Department, which  
16 inquiries could indicate potential existence of claims or liens  
17 for the Illinois Department.

18 Enrollment of a vendor shall be subject to a provisional  
19 period and shall be conditional for one year. During the period  
20 of conditional enrollment, the Department may terminate the  
21 vendor's eligibility to participate in, or may disenroll the  
22 vendor from, the medical assistance program without cause.  
23 Unless otherwise specified, such termination of eligibility or  
24 disenrollment is not subject to the Department's hearing  
25 process. However, a disenrolled vendor may reapply without  
26 penalty.

1 The Department has the discretion to limit the conditional  
2 enrollment period for vendors based upon category of risk of  
3 the vendor.

4 Prior to enrollment and during the conditional enrollment  
5 period in the medical assistance program, all vendors shall be  
6 subject to enhanced oversight, screening, and review based on

7 the risk of fraud, waste, and abuse that is posed by the  
8 category of risk of the vendor. The Illinois Department shall  
9 establish the procedures for oversight, screening, and review,  
10 which may include, but need not be limited to: criminal and  
11 financial background checks; fingerprinting; license,  
12 certification, and authorization verifications; unscheduled or  
13 unannounced site visits; database checks; prepayment audit  
14 reviews; audits; payment caps; payment suspensions; and other  
15 screening as required by federal or State law.

16 The Department shall define or specify the following: (i)  
17 by provider notice, the "category of risk of the vendor" for  
18 each type of vendor, which shall take into account the level of  
19 screening applicable to a particular category of vendor under  
20 federal law and regulations; (ii) by rule or provider notice,  
21 the maximum length of the conditional enrollment period for  
22 each category of risk of the vendor; and (iii) by rule, the  
23 hearing rights, if any, afforded to a vendor in each category  
24 of risk of the vendor that is terminated or disenrolled during  
25 the conditional enrollment period.

26 To be eligible for payment consideration, a vendor's

1 payment claim or bill, either as an initial claim or as a  
2 resubmitted claim following prior rejection, must be received  
3 by the Illinois Department, or its fiscal intermediary, no  
4 later than 180 days after the latest date on the claim on which  
5 medical goods or services were provided, with the following  
6 exceptions:

7 (1) In the case of a provider whose enrollment is in  
8 process by the Illinois Department, the 180-day period  
9 shall not begin until the date on the written notice from  
10 the Illinois Department that the provider enrollment is  
11 complete.

12 (2) In the case of errors attributable to the Illinois  
13 Department or any of its claims processing intermediaries  
14 which result in an inability to receive, process, or  
15 adjudicate a claim, the 180-day period shall not begin

16 until the provider has been notified of the error.

17 (3) In the case of a provider for whom the Illinois  
18 Department initiates the monthly billing process.

19 (4) In the case of a provider operated by a unit of  
20 local government with a population exceeding 3,000,000  
21 when local government funds finance federal participation  
22 for claims payments.

23 For claims for services rendered during a period for which  
24 a recipient received retroactive eligibility, claims must be  
25 filed within 180 days after the Department determines the  
26 applicant is eligible. For claims for which the Illinois

HB0340

- 25 -

LRB101 05014 KTG 50023 b

1 Department is not the primary payer, claims must be submitted  
2 to the Illinois Department within 180 days after the final  
3 adjudication by the primary payer.

4 In the case of long term care facilities, within 45  
5 calendar days of receipt by the facility of required  
6 prescreening information, new admissions with associated  
7 admission documents shall be submitted through the Medical  
8 Electronic Data Interchange (MEDI) or the Recipient  
9 Eligibility Verification (REV) System or shall be submitted  
10 directly to the Department of Human Services using required  
11 admission forms. Effective September 1, 2014, admission  
12 documents, including all prescreening information, must be  
13 submitted through MEDI or REV. Confirmation numbers assigned to  
14 an accepted transaction shall be retained by a facility to  
15 verify timely submittal. Once an admission transaction has been  
16 completed, all resubmitted claims following prior rejection  
17 are subject to receipt no later than 180 days after the  
18 admission transaction has been completed.

19 Claims that are not submitted and received in compliance  
20 with the foregoing requirements shall not be eligible for  
21 payment under the medical assistance program, and the State  
22 shall have no liability for payment of those claims.

23 To the extent consistent with applicable information and  
24 privacy, security, and disclosure laws, State and federal

25 agencies and departments shall provide the Illinois Department  
26 access to confidential and other information and data necessary

HB0340

- 26 -

LRB101 05014 KTG 50023 b

1 to perform eligibility and payment verifications and other  
2 Illinois Department functions. This includes, but is not  
3 limited to: information pertaining to licensure;  
4 certification; earnings; immigration status; citizenship; wage  
5 reporting; unearned and earned income; pension income;  
6 employment; supplemental security income; social security  
7 numbers; National Provider Identifier (NPI) numbers; the  
8 National Practitioner Data Bank (NPDB); program and agency  
9 exclusions; taxpayer identification numbers; tax delinquency;  
10 corporate information; and death records.

11 The Illinois Department shall enter into agreements with  
12 State agencies and departments, and is authorized to enter into  
13 agreements with federal agencies and departments, under which  
14 such agencies and departments shall share data necessary for  
15 medical assistance program integrity functions and oversight.  
16 The Illinois Department shall develop, in cooperation with  
17 other State departments and agencies, and in compliance with  
18 applicable federal laws and regulations, appropriate and  
19 effective methods to share such data. At a minimum, and to the  
20 extent necessary to provide data sharing, the Illinois  
21 Department shall enter into agreements with State agencies and  
22 departments, and is authorized to enter into agreements with  
23 federal agencies and departments, including but not limited to:  
24 the Secretary of State; the Department of Revenue; the  
25 Department of Public Health; the Department of Human Services;  
26 and the Department of Financial and Professional Regulation.

HB0340

- 27 -

LRB101 05014 KTG 50023 b

1 Beginning in fiscal year 2013, the Illinois Department  
2 shall set forth a request for information to identify the  
3 benefits of a pre-payment, post-adjudication, and post-edit

4 claims system with the goals of streamlining claims processing  
5 and provider reimbursement, reducing the number of pending or  
6 rejected claims, and helping to ensure a more transparent  
7 adjudication process through the utilization of: (i) provider  
8 data verification and provider screening technology; and (ii)  
9 clinical code editing; and (iii) pre-pay, pre- or  
10 post-adjudicated predictive modeling with an integrated case  
11 management system with link analysis. Such a request for  
12 information shall not be considered as a request for proposal  
13 or as an obligation on the part of the Illinois Department to  
14 take any action or acquire any products or services.

15 The Illinois Department shall establish policies,  
16 procedures, standards and criteria by rule for the acquisition,  
17 repair and replacement of orthotic and prosthetic devices and  
18 durable medical equipment. Such rules shall provide, but not be  
19 limited to, the following services: (1) immediate repair or  
20 replacement of such devices by recipients; and (2) rental,  
21 lease, purchase or lease-purchase of durable medical equipment  
22 in a cost-effective manner, taking into consideration the  
23 recipient's medical prognosis, the extent of the recipient's  
24 needs, and the requirements and costs for maintaining such  
25 equipment. Subject to prior approval, such rules shall enable a  
26 recipient to temporarily acquire and use alternative or

1 substitute devices or equipment pending repairs or  
2 replacements of any device or equipment previously authorized  
3 for such recipient by the Department. Notwithstanding any  
4 provision of Section 5-5f to the contrary, the Department may,  
5 by rule, exempt certain replacement wheelchair parts from prior  
6 approval and, for wheelchairs, wheelchair parts, wheelchair  
7 accessories, and related seating and positioning items,  
8 determine the wholesale price by methods other than actual  
9 acquisition costs.

10 The Department shall require, by rule, all providers of  
11 durable medical equipment to be accredited by an accreditation  
12 organization approved by the federal Centers for Medicare and  
13

14 Medicaid Services and recognized by the Department in order to  
15 bill the Department for providing durable medical equipment to  
16 recipients. No later than 15 months after the effective date of  
17 the rule adopted pursuant to this paragraph, all providers must  
18 meet the accreditation requirement.

19 In order to promote environmental responsibility, meet the  
20 needs of recipients and enrollees, and achieve significant cost  
21 savings, the Department, or a managed care organization under  
22 contract with the Department, may provide recipients or managed  
23 care enrollees who have a prescription or Certificate of  
24 Medical Necessity access to refurbished durable medical  
25 equipment under this Section (excluding prosthetic and  
26 orthotic devices as defined in the Orthotics, Prosthetics, and  
Pedorthics Practice Act and complex rehabilitation technology

HB0340

- 29 -

LRB101 05014 KTG 50023 b

1 products and associated services) through the State's  
2 assistive technology program's reutilization program, using  
3 staff with the Assistive Technology Professional (ATP)  
4 Certification if the refurbished durable medical equipment:  
5 (i) is available; (ii) is less expensive, including shipping  
6 costs, than new durable medical equipment of the same type;  
7 (iii) is able to withstand at least 3 years of use; (iv) is  
8 cleaned, disinfected, sterilized, and safe in accordance with  
9 federal Food and Drug Administration regulations and guidance  
10 governing the reprocessing of medical devices in health care  
11 settings; and (v) equally meets the needs of the recipient or  
12 enrollee. The reutilization program shall confirm that the  
13 recipient or enrollee is not already in receipt of same or  
14 similar equipment from another service provider, and that the  
15 refurbished durable medical equipment equally meets the needs  
16 of the recipient or enrollee. Nothing in this paragraph shall  
17 be construed to limit recipient or enrollee choice to obtain  
18 new durable medical equipment or place any additional prior  
19 authorization conditions on enrollees of managed care  
20 organizations.

21 The Department shall execute, relative to the nursing home  
22

23 prescreening project, written inter-agency agreements with the  
24 Department of Human Services and the Department on Aging, to  
25 effect the following: (i) intake procedures and common  
26 eligibility criteria for those persons who are receiving  
non-institutional services; and (ii) the establishment and

HB0340

- 30 -

LRB101 05014 KTG 50023 b

1 development of non-institutional services in areas of the State  
2 where they are not currently available or are undeveloped; and  
3 (iii) notwithstanding any other provision of law, subject to  
4 federal approval, on and after July 1, 2012, an increase in the  
5 determination of need (DON) scores from 29 to 37 for applicants  
6 for institutional and home and community-based long term care;  
7 if and only if federal approval is not granted, the Department  
8 may, in conjunction with other affected agencies, implement  
9 utilization controls or changes in benefit packages to  
10 effectuate a similar savings amount for this population; and  
11 (iv) no later than July 1, 2013, minimum level of care  
12 eligibility criteria for institutional and home and  
13 community-based long term care; and (v) no later than October  
14 1, 2013, establish procedures to permit long term care  
15 providers access to eligibility scores for individuals with an  
16 admission date who are seeking or receiving services from the  
17 long term care provider. In order to select the minimum level  
18 of care eligibility criteria, the Governor shall establish a  
19 workgroup that includes affected agency representatives and  
20 stakeholders representing the institutional and home and  
21 community-based long term care interests. This Section shall  
22 not restrict the Department from implementing lower level of  
23 care eligibility criteria for community-based services in  
24 circumstances where federal approval has been granted.

25 The Illinois Department shall develop and operate, in  
26 cooperation with other State Departments and agencies and in

HB0340

- 31 -

LRB101 05014 KTG 50023 b

1 compliance with applicable federal laws and regulations,  
2 appropriate and effective systems of health care evaluation and  
3 programs for monitoring of utilization of health care services  
4 and facilities, as it affects persons eligible for medical  
5 assistance under this Code.

6 The Illinois Department shall report annually to the  
7 General Assembly, no later than the second Friday in April of  
8 1979 and each year thereafter, in regard to:

9 (a) actual statistics and trends in utilization of  
10 medical services by public aid recipients;

11 (b) actual statistics and trends in the provision of  
12 the various medical services by medical vendors;

13 (c) current rate structures and proposed changes in  
14 those rate structures for the various medical vendors; and

15 (d) efforts at utilization review and control by the  
16 Illinois Department.

17 The period covered by each report shall be the 3 years  
18 ending on the June 30 prior to the report. The report shall  
19 include suggested legislation for consideration by the General  
20 Assembly. The requirement for reporting to the General Assembly  
21 shall be satisfied by filing copies of the report as required  
22 by Section 3.1 of the General Assembly Organization Act, and  
23 filing such additional copies with the State Government Report  
24 Distribution Center for the General Assembly as is required  
25 under paragraph (t) of Section 7 of the State Library Act.

26 Rulemaking authority to implement Public Act 95-1045, if

1 any, is conditioned on the rules being adopted in accordance  
2 with all provisions of the Illinois Administrative Procedure  
3 Act and all rules and procedures of the Joint Committee on  
4 Administrative Rules; any purported rule not so adopted, for  
5 whatever reason, is unauthorized.

6 On and after July 1, 2012, the Department shall reduce any  
7 rate of reimbursement for services or other payments or alter  
8 any methodologies authorized by this Code to reduce any rate of  
9 reimbursement for services or other payments in accordance with

10 Section 5-5e.

11 Because kidney transplantation can be an appropriate,  
12 cost-effective alternative to renal dialysis when medically  
13 necessary and notwithstanding the provisions of Section 1-11 of  
14 this Code, beginning October 1, 2014, the Department shall  
15 cover kidney transplantation for noncitizens with end-stage  
16 renal disease who are not eligible for comprehensive medical  
17 benefits, who meet the residency requirements of Section 5-3 of  
18 this Code, and who would otherwise meet the financial  
19 requirements of the appropriate class of eligible persons under  
20 Section 5-2 of this Code. To qualify for coverage of kidney  
21 transplantation, such person must be receiving emergency renal  
22 dialysis services covered by the Department. Providers under  
23 this Section shall be prior approved and certified by the  
24 Department to perform kidney transplantation and the services  
25 under this Section shall be limited to services associated with  
26 kidney transplantation.

HB0340

- 33 -

LRB101 05014 KTG 50023 b

1 Notwithstanding any other provision of this Code to the  
2 contrary, on or after July 1, 2015, all FDA approved forms of  
3 medication assisted treatment prescribed for the treatment of  
4 alcohol dependence or treatment of opioid dependence shall be  
5 covered under both fee for service and managed care medical  
6 assistance programs for persons who are otherwise eligible for  
7 medical assistance under this Article and shall not be subject  
8 to any (1) utilization control, other than those established  
9 under the American Society of Addiction Medicine patient  
10 placement criteria, (2) prior authorization mandate, or (3)  
11 lifetime restriction limit mandate.

12 On or after July 1, 2015, opioid antagonists prescribed for  
13 the treatment of an opioid overdose, including the medication  
14 product, administration devices, and any pharmacy fees related  
15 to the dispensing and administration of the opioid antagonist,  
16 shall be covered under the medical assistance program for  
17 persons who are otherwise eligible for medical assistance under  
18 this Article. As used in this Section, "opioid antagonist"  
19

means a drug that binds to opioid receptors and blocks or  
inhibits the effect of opioids acting on those receptors,  
including, but not limited to, naloxone hydrochloride or any  
other similarly acting drug approved by the U.S. Food and Drug  
Administration.

Upon federal approval, the Department shall provide  
coverage and reimbursement for all drugs that are approved for  
marketing by the federal Food and Drug Administration and that

HB0340

- 34 -

LRB101 05014 KTG 50023 b

are recommended by the federal Public Health Service or the  
United States Centers for Disease Control and Prevention for  
pre-exposure prophylaxis and related pre-exposure prophylaxis  
services, including, but not limited to, HIV and sexually  
transmitted infection screening, treatment for sexually  
transmitted infections, medical monitoring, assorted labs, and  
counseling to reduce the likelihood of HIV infection among  
individuals who are not infected with HIV but who are at high  
risk of HIV infection.

A federally qualified health center, as defined in Section  
1905(1)(2)(B) of the federal Social Security Act, shall be  
reimbursed by the Department in accordance with the federally  
qualified health center's encounter rate for services provided  
to medical assistance recipients that are performed by a dental  
hygienist, as defined under the Illinois Dental Practice Act,  
working under the general supervision of a dentist and employed  
by a federally qualified health center.

Notwithstanding any other provision of this Code, the  
Illinois Department shall authorize licensed dietitian  
nutritionists and certified diabetes educators to counsel  
senior diabetes patients in the senior diabetes patients' homes  
to remove the hurdle of transportation for senior diabetes  
patients to receive treatment.

8 (305 ILCS 5/5-8) (from Ch. 23, par. 5-8)

9 Sec. 5-8. Practitioners. In supplying medical assistance,  
10 the Illinois Department may provide for the legally authorized  
11 services of (i) persons licensed under the Medical Practice Act  
12 of 1987, as amended, except as hereafter in this Section  
13 stated, whether under a general or limited license, (ii)  
14 persons licensed under the Nurse Practice Act as advanced  
15 practice registered nurses, regardless of whether or not the  
16 persons have written collaborative agreements, (iii) persons  
17 licensed or registered under other laws of this State to  
18 provide dental, medical, pharmaceutical, optometric,  
19 podiatric, or nursing services, or other remedial care  
20 recognized under State law, (iv) persons licensed under other  
21 laws of this State as a clinical social worker, and (v) persons  
22 licensed under other laws of this State as physician  
23 assistants. The Department shall adopt rules, no later than 90  
24 days after January 1, 2017 (the effective date of Public Act  
25 99-621), for the legally authorized services of persons

1 licensed under other laws of this State as a clinical social  
2 worker. The Department may not provide for legally authorized  
3 services of any physician who has been convicted of having  
4 performed an abortion procedure in a wilful and wanton manner  
5 on a woman who was not pregnant at the time such abortion  
6 procedure was performed. The utilization of the services of  
7 persons engaged in the treatment or care of the sick, which

8 persons are not required to be licensed or registered under the  
9 laws of this State, is not prohibited by this Section.

13 (305 ILCS 5/5-9) (from Ch. 23, par. 5-9)

14 Sec. 5-9. Choice of medical dispensers. Applicants and  
15 recipients shall be entitled to free choice of those qualified  
16 practitioners, hospitals, nursing homes, and other dispensers  
17 of medical services meeting the requirements and complying with  
18 the rules and regulations of the Illinois Department. However,  
19 the Director of Healthcare and Family Services may, after  
20 providing reasonable notice and opportunity for hearing, deny,  
21 suspend or terminate any otherwise qualified person, firm,  
22 corporation, association, agency, institution, or other legal  
23 entity, from participation as a vendor of goods or services  
24 under the medical assistance program authorized by this Article  
25 if the Director finds such vendor of medical services in

HB0340

- 37 -

LRB101 05014 KTG 50023 b

1 violation of this Act or the policy or rules and regulations  
2 issued pursuant to this Act. Any physician who has been  
3 convicted of performing an abortion procedure in a wilful and  
4 wanton manner upon a woman who was not pregnant at the time  
5 such abortion procedure was performed shall be automatically  
6 removed from the list of physicians qualified to participate as  
7 a vendor of medical services under the medical assistance  
8 program authorized by this Article.

9 (Source: P.A. 100-538, eff. 1-1-18.)

10 (305 ILCS 5/6-1) (from Ch. 23, par. 6-1)

11 Sec. 6-1. Eligibility requirements. Financial aid in  
12 meeting basic maintenance requirements shall be given under  
13 this Article to or in behalf of persons who meet the  
14 eligibility conditions of Sections 6-1.1 through 6-1.10. In  
15 addition, each unit of local government subject to this Article  
16 shall provide persons receiving financial aid in meeting basic

17 maintenance requirements with financial aid for either (a)  
18 necessary treatment, care, and supplies required because of  
19 illness or disability, or (b) acute medical treatment, care,  
20 and supplies only. If a local governmental unit elects to  
21 provide financial aid for acute medical treatment, care, and  
22 supplies only, the general types of acute medical treatment,  
23 care, and supplies for which financial aid is provided shall be  
24 specified in the general assistance rules of the local  
25 governmental unit, which rules shall provide that financial aid

HB0340

- 38 -

LRB101 05014 KTG 50023 b

1 is provided, at a minimum, for acute medical treatment, care,  
2 or supplies necessitated by a medical condition for which prior  
3 approval or authorization of medical treatment, care, or  
4 supplies is not required by the general assistance rules of the  
5 Illinois Department. Nothing in this Article shall be construed  
6 to permit the granting of financial aid where the purpose of  
7 such aid is to obtain an abortion, induced miscarriage or  
8 induced premature birth unless, in the opinion of a physician,  
9 such procedures are necessary for the preservation of the life  
10 of the woman seeking such treatment, or except an induced  
11 premature birth intended to produce a live viable child and  
12 such procedure is necessary for the health of the mother or her  
13 unborn child.

15 Section 15. The Problem Pregnancy Health Services and Care  
16 Act is amended by changing Section 4-100 as follows:

17 (410 ILCS 230/4-100) (from Ch. 111 1/2, par. 4604-100)

18 Sec. 4-100. The Department may make grants to nonprofit  
19 agencies and organizations which do not use such grants to  
20 refer or counsel for, or perform, abortions and which  
21 coordinate and establish linkages among services that will  
22 further the purposes of this Act and, where appropriate, will  
23 provide, supplement, or improve the quality of such services.

24 (Source: P.A. 100-538, eff. 1-1-18.)

1 Section 20. The Illinois Abortion Law of 1975 is amended by  
2 changing Section 1 as follows:

3 (720 ILCS 510/1) (from Ch. 38, par. 81-21)

4 Sec. 1. It is the intention of the General Assembly of the  
5 State of Illinois to reasonably regulate abortion in  
6 conformance with the ~~legal standards set forth in the~~ decisions  
7 of the United States Supreme Court of January 22, 1973. Without  
8 in any way restricting the right of privacy of a woman or the  
9 right of a woman to an abortion under those decisions, the  
10 General Assembly of the State of Illinois do solemnly declare  
11 and find in reaffirmation of the longstanding policy of this  
12 State, that the unborn child is a human being from the time of  
13 conception and is, therefore, a legal person for purposes of  
14 the unborn child's right to life and is entitled to the right  
15 to life from conception under the laws and Constitution of this  
16 State. Further, the General Assembly finds and declares that  
17 longstanding policy of this State to protect the right to life  
18 of the unborn child from conception by prohibiting abortion  
19 unless necessary to preserve the life of the mother is  
20 impermissible only because of the decisions of the United  
21 States Supreme Court and that, therefore, if those decisions of  
22 the United States Supreme Court are ever reversed or modified  
23 or the United States Constitution is amended to allow  
24 protection of the unborn then the former policy of this State

1 to prohibit abortions unless necessary for the preservation of  
2 the mother's life shall be reinstated.

3 It is the further intention of the General Assembly to  
4 assure and protect the woman's health and the integrity of the  
5 woman's decision whether or not to continue to bear a child, to  
6 protect the valid and compelling state interest in the infant  
7 and unborn child, to assure the integrity of marital and  
8 familial relations and the rights and interests of persons who

9 participate in such relations, and to gather data for  
10 establishing criteria for medical decisions. The General  
11 Assembly finds as fact, upon hearings and public disclosures,  
12 that these rights and interests are not secure in the economic  
13 and social context in which abortion is presently performed.
