

Why

Become a Member

CIAAG's Advocate Army

CIAAG envisions a world where those with disabilities and chronic illnesses are guaranteed palliative care and pain management without fear of undue discrimination due to "controversial" issue surrounding opioid abuse. We must differentiate between safe necessary use of this life sustaining medication from the illegal street drug abuse.

Membership Benefits:

Why You Should Advocate with CIAAG?

CIAAG is working to educate the public on the life-saving abilities of opioid pain medication *at a sensitive time in our country rampant with "opioidphobia."*

However, the over regulation of this medicine is leading to devastating healthcare policy and "bad medicine" which has put the lives of the chronically ill, elderly, the disabled & the general public's health and safety at risk.

Shocking statement to make at a time where overdoses are all over the news - yet someone needs to address this vial (although controversial) issue.

Did you know....

There are 100,000,000 chronic pain sufferers in America?

Did you know 9,000,000 of these individual's lives depend on opioid medications to live?

Did you know that millions of American's are being taken off safe medication regimes, against their will?

Did you know about the IV Drug Shortages in this Nation?

Putting it all Together:

To Improve Healthcare we must effect policy change!

Sign Up to Become a Member of CIAAG's Advocate Army and be a force of change and empowerment! America was built on the will of the people and we at CIAAG feel this stands true today. Together, we can put the care' back into healthcare.

After all, we all deserve compassionate, patient centered care that improves quality of life!
